2022 EDITION

**ACCESSORIES & UPGRADES**

To suit: Sierra / Vitara / Grand Vitara / Jimny

Seriously Suzi is a manufacturer and distributor of aftermarket offroad accessories and other products. Seriously Suzi makes no representation that it has an affiliation with, or sponsorship, or approval from any car manufacturer.

Any use of the name of car manufacturers or models are used only to describe the suitability of Seriously Suzi products with the relevant manufacturer.

We are very serious about our Suzuki's and whether it is a full competition upgrade or a little tweaking for your weekend warrior, contact us at Seriously Suzi.

[www.seriouslysuzi.com.au](http://www.seriouslysuzi.com.au)

Suzuki 4WD vehicles have been around since the legendary 3cyl LJ50 of the 1970's and progressively built a reputation for build quality and reliability over the next 50 years.

Recognised as a very capable off road vehicle with the advantages of overall lightweight coupled with a tough ladder chassis an advantage, when tackling Australia's extreme conditions. After a short while it soon became apparent that with some purpose built upgrades and accessories more extreme off- roading could be achieved even tough extreme winching competitions.

Seriously Suzi has been developing speciality products to enhance the overall performance of the Sierra, Vitara and Jimny vehicles, and now we can share this range of exciting performance and touring products with you. Developed over many years of practical testing and listening to our customers needs we offer these leading performance products.

**WE RACE THEM, WE BUILD THEM ,WE EVEN BREAK THEM,** we welcome your Suzuki inquiry so talk to your expert "Suzi nutters" !

# SUZUKI 4WD MODELS

## Identification Information

LJ SERIES

### Sierra/ also known in some markets as Samurai - replaced the LJ80/81 range

**1981-1985**

**model code SJ40 - 1 Litre**, but also known as SJ410. 1 litre (970cc) F10A engine, 4 speed gearbox. Easily identifiable by the metal 'vertical 10 slotted grill'. Also has painted metal exposed dash sections. Available in SWB soft & hard top, LWB 'ute tub' & tray.

**1985-1988**

**model code SJ50 - Narrow Track**, but also known as SJ413. 1.31litre (1,324cc) G13A engine, 5 speed gearbox. Used a horizontal themed plastic grill, with a 'SUZUKI' badge. These models (as well as the SJ40) are retrospectively termed "Narrow Track" (NT) vehicles. Used plastic wheel arch 'eyebrow' moulds, but only approx. 25mm wide. Available in SWB soft & hard top, LWB (rare, only available until 1988?) 'ute tub' & tray.

**1988-1996**

**model code SJ70 - Wide Track**, but also known as SJ413. 1.3litre (1,298cc) G13B engine, 5 speed gearbox. Used a different plastic grill, with a stylized 'S' badge. These models (as well as the following SJ80) are retrospectively termed "Wide Track" (WT) vehicles. Used approx. 50mm wide metal wheel arch 'eyebrow'

**1996-1998**

**model code SJ80 - Coily**, SJ413. 1.31litre (1,298cc) G13B engine, 5 speed gearbox. Used full width plastic grill, incorporating turn indicators & park lights adjacent to the headlights. Suspension (coil springs, front & rear) axles & transfer case all different from earlier models.

**Maruti**

**model code MG410 - Maruti**, Indian company, acquired tooling from Suzuki Japan & continued to build the SJ410 Sierra well into the 1990's. Some LWB 'ute tub' & tray vehicles were imported & sold through Suzuki dealers, mainly in country areas for Farmers. The LWB tray versions were cut down from 'ute tub' vehicles with a fibreglass section to enclose the cab. In most respects, mechanicals were the same as SJ40 - i.e. 1litre 970cc 4 cyl & 4 speed gearbox.

## Vitara/ also known in some markets as Sidekick or Geo Tracker

**1988-1998**

1.6litre (1,590cc) G16A 8 valve carby or G16B SOHC, but 16 valve multi-point EFI. 5 Speed manual or 3 (later 4 speed) speed auto. SWB hard or soft top Badged JX or (higher spec) JLX - different trim levels. Most JLX were 16valve EFI.

**1992-1998**

LWB 4-door 'estate' wagon -1.6litre EFI or 2.0 litre 24 valve V6.

**1996-1998**

SWB 1.6litre EFI or 2.0 litre 4cyl EFI SWB hard or soft top.

A 1996 interior design up-date for all variants changed the dashboard.

## Grand Vitara/ replaced the original Vitara

**1998-2005**

(1st generation) SWB hard or soft top, LWB 4 door wagon or XL7 extra LWB 7 seater wagon. 1.6 & 2.0litre 4cyl, 2.5 & 2.7litre V6 petrol's.

**2005-**

still current, 2nd generation (monocoque construction, all independent suspension). SWB hard top or LWB 4 door wagon. 2.0litre 4cyl petrol & diesel, 2.4litre petrol, 2.7 & 3.2litre V6 petrol's.

## Jimny/ -replaced the original Sierra from 1998 to 2018.

**1998-2006**

Front edge of bonnet folds over the front, to incorporate a 5 slot/ hole grill. G13BB motor. Note\* Some vehicles were fitted with Sierra badges, to trade on / hark back to the original Sierra. They are Jimny Sierra's - still a Jimny. Coil sprung, live axle.

**2001-2018**

M series motor

1.3litre 4 cyl EFI 5 speed manual or 4 speed auto. SWB hard or soft top. G13B Motor

**2018-**

Current shape
